

Booking and class entry procedures

Class booking is absolutely essential. Any members just turning up before the class cannot be assured a place.

Bookings can only be made at the earliest 6.30am Monday morning onwards for that same week. No advanced bookings will be taken.

Studio classes are free to all full, corporate and studio class members except for those classes marked with additional charge. Any off peak members will have to pay for the class.

Classes are only available to persons 18 years or over except for those marked with additional charge.

It is at the discretion of the instructor to cancel the class if there are insufficient numbers in attendance. A class may also be cancelled if staff are away on holiday or are away because of illness. A replacement instructor will be found where possible.

All class attendees must report to The Trinity Centre Health Club reception before going in to the class. This is to confirm class numbers before the class starts.

First time visitors will be asked to complete a general health questionnaire and have their blood pressure taken. Please ensure plenty of time to have this taken before the class. If the club feels that an individual may pose a risk to themselves or others within a class they will not be allowed to attend the class.

Classes are £4 per class for anyone that is not a member . This must be paid prior to the class you wish to attend.

If you are unable to attend a class you have booked on to please ensure you cancel your place at reception either in person, phone, or by email.

Please ensure that you turn up to all classes on time particularly for Yoga and Pilates. Walking in to this type of class late can severely disrupt the whole class.

The club will not be responsible for loss of personal property. For safekeeping valuables should be secured in the lockers provided. Please do not bring bags into the studio.

For your own safety you should not participate in a class if you are under the influence of alcohol or taking contra indicated drugs or medication.

Do not exercise if you feel ill or faint.

Suitable clothing and footwear is required when exercising.

The rules may be changed by the management at any time.
